13 PASSING REQUIREMENTS

13.1 A candidate who secures not less than 50% of total marks prescribed for the course [Continuous Internal Assessment + End Semester Examinations] with a minimum of 45% of the marks prescribed for the end-semester Examination, shall be declared to have passed the course and acquired the relevant number of credits. This is applicable for theory courses, theory courses with laboratory component, laboratory courses with theory component and laboratory courses (including project work).

13.2 If a student fails to secure a pass in courses in any semester, he/she is allowed to write Supplementary Arrear Examinations conducted within a period of one month after the publication of results, when the examination is conducted in that course; he/she should continue to register and reappear for the examinations in the failed component only till he/she secures a pass. However, the absentees / the students who got Withdrawal approval for valid reason in any current semester examinations may be permitted to write the supplementary arrear examination conducted within a period of one month after the publication of results is subject to, the valid reason provided by the student and the recommendation by the HoD with approval of the Principal.

13.3 The Continuous Internal Assessment (CIA) marks obtained by the candidate in the current semester (n) shall be retained and carried forward up to the next three consecutive ESEs (n+3) till the candidate secures a pass. However from the (n+4)th ESE onwards, the candidate shall be declared to have passed the examination if he/she secures a minimum of 50% marks prescribed for the End Semester Examinations alone. Out of the three valuations, the highest mark between two nearest marks (the mark obtained in third valuation and the marks obtained nearer to the third valuation out of the first two valuations) shall be considered for the award of marks.

14 AWARD OF LETTER GRADES

14.1 The award of letter grades will be decided using relative/absolute grading principle. The performance of a student will be reported using letter grades, each carrying certain points as shown in the Table.

Letter Grade	Grade Points*
O (Outstanding)	10
A+ (Excellent)	9
A (Very Good)	8
B+ (Good)	7
B (Average)	6
C (Satisfactory)	5
U (Re-appearance)	0
Shortage of Attendance)	0
WD (Withdrawal)	0

‘U’ denotes Reappearance registration is required for that particular course.

‘SA’ denotes shortage of attendance (as per Clause 7) and hence prevented from writing end semester examination.

‘WD’ indicates withdrawal from the course.

14.1.1 Relative Grading

For those students who have passed the course (theory course / laboratory integrated theory

courses and all EEC except laboratory course / Project Work Course), the relative grading shall be done provided if the strength of students who have met the passing requirements is greater than 30. The marks of those students who have passed only shall be input in the software developed for relative grading. The evolved relative grading method normalizes the results data using the BOX-COX transformation method and computes the grade range for each course separately and awards the grade to each student.

14.1.2 Absolute Grading

In all the courses, if the number of students who have passed the course is less than or equal to 30 then absolute grading shall be followed with the grade range as specified in the Table. For the Project Work / Internship and Laboratory Courses, absolute grading procedure shall be followed as given in the table irrespective of the number of students who have passed the course.

O	A+	A	B+	B	C	U
91 - 100	81 - 90	71 - 80	61 - 70	56 - 60	50 – 55	< 50

- 14.1.3 If the grade U is given to Theory Courses, Theory courses with laboratory component, Laboratory courses with theory component and laboratory courses it is not required to satisfy the attendance requirements, but has to appear for the End Semester Examination and fulfill the passing requirements to earn a pass in the respective courses.
- 14.1.4 If the grade U is given to EEC (Employability Enhancement Course) (except Project Work), which are evaluated only through internal assessment, the student shall register for the course again in the subsequent semester, fulfill the passing requirements to earn pass in the course. However, attendance requirement need not be satisfied.
- 14.2 For the Co-curricular activities such as NSS/ NSO / YRC / Student Activity Cell, a ‘completed’ remark will appear in the Grade Sheet on successful completion of the same. Every student shall put in a minimum of 80% attendance in the training and attend the camp or events of the Student Activity Cell compulsorily. The training and camp or club events shall be completed during the first year of the programme. However, for valid reasons, the Head of the Institution may permit a student to complete this requirement in the subsequent years. Successful completion of any one of the above co-curricular activities is compulsory for the award of degree.
- 14.3 The grades O, A+, A, B+, B, C obtained for the one/two credit course (not the part of curriculum) shall figure in the Grade Sheet under the title ‘Value Added Courses’. The courses for which the grades obtained are RA, SA will not figure in the Grade Sheet.
- 14.4 For the students who complete the Mandatory Course satisfying attendance and passing requirements, the title of the Mandatory Course will be mentioned in the Grade Sheet. If the attendance and passing requirements are not satisfied, the student shall register for the mandatory course again in the subsequent semester, to fulfill the passing requirements to

complete the course, However, attendance requirement need not be satisfied.

- 14.5 For the students who complete the Audit Course satisfying attendance and passing requirements, the title of the Audit Course will be mentioned in the Grade Sheet. If the attendance and passing requirements are not satisfied, it will not be shown in the Grade Sheet.

15. GPA AND CGPA CALCULATION

- 15.1 After results are declared, Grade Sheets will be issued to each student which will contain the following details:

- The list of courses of curriculum registered during the semester and the grades scored.
- List of courses studied for Hons., minor and any other additional courses in which the student has passed with the grades under the title additional courses
- The Grade Point Average (GPA) for the semester considering only the courses of curriculum (not the additional courses) and
- The Cumulative Grade Point Average (CGPA) of all courses registered from first semester onwards considering only the courses of curriculum (not the additional courses). However, for the students who have successfully completed the requirements of B.E. / B. Tech. (Hons) and B.E. / B.Tech. Minor vide Clause 4.14, grades scored in the six additional courses shall be taken into account for the computation of CGPA.

During each semester, the list of curricular courses (not the additional courses) registered and the grades scored in each course are used to compute the Grade Point Average (GPA). GPA is the ratio of the sum of the products of the number of credits of curricular courses (not the additional courses) registered and the grade points corresponding to the grades scored in those courses, taken for all the courses, to the sum of the number of credits of all the courses in the semester.

$$GPA/CGPA = \frac{\sum_{i=1}^n C_i \times GP_i}{\sum_{i=1}^n C_i}$$

Where,

- C_i is the number of credits assigned to the course
- GP_i is the point corresponding to the grade obtained for each course
- n is the number of all courses successfully cleared during the particular semester in the case of GPA and during all the semesters in the case of CGPA.

CGPA will be calculated in a similar manner, considering all the curricular courses (not the additional courses) enrolled from first semester. “U” and “SA” grades will be excluded for calculating GPA and CGPA.

- 15.2 Credits earned under value added courses, shall not be considered for calculating the GPA or CGPA.

- 15.3 If a student studies more number of professional and open electives than required as per the student's programme curriculum (if the student decides not to opt for Hons. and Minor), the calculation of final CGPA shall be as per 4.14.6 and 4.14.7.
- 15.4 If a student successfully completes all the requirements of the programme and also meets the requirements of B.E. / B. Tech. (Hons) or B.E. / B. Tech. Minor but desires not to opt for the additional qualification, then he/she has to submit a declaration with regard to the same within 30 days before the completion of semester VIII.
- 15.5 In the consolidated grade sheet the CGPA earned shall be converted into percentage of marks as follows:
Percentage of Marks = CGPA X 10
