❖ Grievance Redressal mechanism for Faculty, staff and students

The Grievance Redressal System is a vital component of institutional administration. It is the responsibility of the College Administration to provide a safe, secure, and satisfying academic and work environment for all students, faculty, and staff. In accordance with UGC guidelines, the College has constituted a Grievance Redressal Committee (GRC) to address and resolve grievances in a fair, transparent, and time-bound manner.

Grievance Redressal Committee:

The Grievance Redressal Committee has been functioning since the inception of the college and operates under the direct supervision of the Principal. The committee is committed to maintaining discipline, harmony, and mutual respect within the institution.

Mode of Grievance Submission:

Grievances are collected primarily through a dedicated grievance redressal link provided on the college website, ensuring easy accessibility and confidentiality. Grievances submitted through the online system are directly received by the Principal / Grievance Redressal Officer.

Procedure for Redressal:

- All grievances received through the website link are acknowledged and reviewed by the principal.
- Based on the nature and seriousness of the grievance, the matter is forwarded to the concerned Grievance Redressal Committee members.
- The committee examines the issue through discussion or enquiry, wherever necessary.
- Appropriate corrective measures are taken, and the grievance is resolved in a confidential and impartial manner.
- Grievances are normally resolved within 15 working days.

Appeal Mechanism:

If the complainant is not satisfied with the resolution, an appeal may be submitted to the Principal / Management, whose decision shall be final.

❖ Library

- Number of Library books/ Titles/ Journals available (program-wise)

The Central Library of RMKEC is located in the Swaminatha Naidu Block, covering an area of 930 sq. m. The ultramodern library includes a well-established, fully air-conditioned library and information centre. The library and the information centre have separate reading and reference sections to serve undergraduate and postgraduate students, staff members, and research scholars. The annual budget of the Central Library is around ₹35 lakhs.

The Central Library is provided with a huge collection of 1,04,794 volumes and 29,106 titles, covering all major fields of science and engineering technology with international standard resources. The books are classified and arranged according to the Dewey Decimal Classification (DDC – 22nd Edition) scheme.

The library has subscribed to e-journal packages such as IEEE (ASPP), IETE, IEI, DELNET, and NDLI, along with 90 national journals and 80 national technical and general magazines. The library provides facilities such as OPAC, multimedia, internet access, and collections of proceedings, reports, and CD-ROMs for faculty members and students. It also offers photocopying facilities for reference materials, journal articles, and other printed materials.

The library facilitates the National Programme on Technology Enhanced Learning (NPTEL) through online web and video courses for engineering and humanities streams. The library has institutional membership with several external libraries, including the British Council Library, Chennai; Anna University Library, Chennai; and DELNET, New Delhi. The institution also holds life membership in the Institution of Engineers (IEI), India; the Institution of Electronics and Telecommunication Engineers (IETE); the Indian Concrete Institute (ICI); and the Instrument Society of India (ISI).

Meritorious students (top rank holders) of all departments are motivated with gift vouchers worth more than ₹7 lakhs every year based on their academic performance. They are also permitted to borrow additional books from the Central Library. A book bank is maintained for the benefit of hostel students and other deserving students.

The library has a standard library automation system, Auto-Lib Integrated Library Management Software – Web-Based Advanced Edition Version 23.1, with an International OPAC and an AI-powered NextGen app for effective library services such as issue, return, renewal, and reservation of resources. As part of the library information services, daily news updates on science, technology, engineering, and education are shared with all faculty members and students.

The library team consists of a professional Librarian (Senior Grade), an Assistant Librarian, and technical assistants who provide necessary information to users during their library visits. The College Library Advisory Committee is headed by the principal and includes the Library Officer, one faculty member from each department, and student representatives.

- Innovation Cell

The Institution's Innovation Council (A Ministry of Education (MoE), GoI initiative), has been functioning in R.M.K Engineering College since the academic year 2018-19. Dr. K.A. Mohamed Junaid, Principal has been serving as the president of the Institution's Innovation Council. Activities were conducted by IIC Faculty and student's coordinators with 23 IIC Calendar Activity, 47 MIC Driven Activity and 195 Self Driven Activity for the academic year 2023-2024. We have participated and won prizes in SIH 2023, YUKTI 2.0, NEAT and Start-Up Policy Program. Also We Organize Internal Hackathons, Idea Competition, Innovation Ambassador Program, Startup Policy Initiative, Mini-Challenges ,Project Expo ,Field Visit to Villages, Schools And Incubation Centers, Business Plan Contest, Intellectual Property Rights Workshop, Entrepreneur Talk, Leadership Talk, Innovation Day Celebrations, Startup & Entrepreneur Award Functions With The Involvement of Industries .Thus we have received 4 star rating by Ministry of Education 2023, Government of India and achieved NIRF Innovation Ranking within 51 to 100 band. Received Mentor- Mentee Program Grant of Rs. 2,25,000 also Funding Grant of Rs, 56,000 for Patent under Kapila

Scheme, Initiated by Ministry of Education (MoE), Government of India.

- Social media are interactive computer-mediated technologies that facilitate the creation or sharing of information, ideas, career interests and other forms of expression via virtual communities and networks. Social media is important because it allows you to reach people locally, regionally, nationally and even internationally. We see educational institutions adapting these developments into their systems and relying on group resources and mechanisms to improve the student's life. The use of social media in education provides students with the ability to get more useful information, to connect with learning groups and other educational systems that make education convenient.
- Social network tools afford students and institutions with multiple opportunities to improve learning methods. Through these networks, you can incorporate social media plugins that enable sharing and interaction. Students can benefit from online tutorials and resources that are shared through social networks.
- Social Media Cell
 - There is valuable knowledge to be gained through social media such as analytics and insights on various topics or issues for study purposes. Social media is also a medium where students can establish beneficial connections for their careers. As an educational institution, it is crucial to be active in many social platforms possible. This helps create better student training strategies and shape student culture. R.M.K. Engineering College and all the departments have social media accounts for the welfare of the stakeholder. Internal Continuous Evaluation System:

Academic calendar is prepared by academic co-ordinator in consultation with the heads of the department and due approval of the principal matching the prescribed number of working days specified by Anna University. Academic calendar contains total number of working days month wise, schedule of University theory and practical examination, schedule for all internal evaluation tests and symposium schedule. The institution strictly adheres to the academic calendar including for conduct of continuous internal evaluation (CIE).

The academic calendar is issued well in advance of the ensuing semester to all the department faculty members and students. This enables effective planning by the faculty and based on the academic calendar, lesson plan is prepared by the course coordinator. The head of the department of each programme ensures effective curriculum delivery both theory and laboratory courses.

Continuous internal evaluation:

Theory Courses:

Evaluation Tools	Content	Marks	Duration
First Internal Assessment Test	Unit 1 and 2	100	Three Hours
Second Internal Assessment Test	Unit 1 and 2	100	Three Hours
Model Exam	Five Units	100	Three Hours

Laboratory Courses:

The following process will be followed for the evaluation of Laboratory Courses

- o Evaluation of the student's observation book and record notebook.
- o Evaluation by oral examination on the student's knowledge before the start of experiment.
- o Model practical examination.
- For each Post Graduate Courses give the following:
