❖ Frequency of Board Meeting and Academic Advisory Body				Twice a semester																					

❖ **Organisational Chart and processes**

❖ **Nature and Extent of involvement of Faculty and students in academic affairs/ improvements**

- Our Institution is committed to create competent and skilled professionals who can cater to intellectually and technologically changing environments by imparting high quality value based technical education and training.
- Eminent faculty of our Institution are members of Board of Studies, Syllabus Revision Committee, Academic Council etc., and they take active part in curriculum revision, discussions related to the implementation of various academic activities and examination systems.
- The Institution relies on the conventional teaching strategy of chalk and talk method. However, creative and innovative methods of teaching are adapted for the effective delivery of curriculum.
- During the current pandemic situation a number of initiatives for imparting continuous education to the students in virtual mode has been taken. Online Classes are being conducted through Google Meet with Powerpoint Presentations which includes content from the syllabus and beyond the syllabus.
- Digital Course Materials prepared by our faculty members supports and encourages students for Activity Based Learning. Contents of Digital Course Materials includes Course Objectives, Pre Requisites, Syllabus, Course outcomes, CO- PO/PSO Mapping, Lecture Plan, Activity based learning, Lecture Notes, Assignments, Part A, Q & A (with K level and CO), Part B Qs (with K level and CO), Supportive online Certification courses (NPTEL, Swayam, Coursera, Udemy, etc.), Real time Applications in day to day life and to Industry, Contents beyond the Syllabus, Assessment Schedule (Proposed Date & Actual Date), Prescribed Text Books & Reference Books and Mini Project suggestions. This helps the students to understand the subject thoroughly. Digital Course Materials are prepared for all the subjects and uploaded in the Institution website.
- During the online Lecture classes, the students are shown related videos for easy understanding along with the usual faculty lecture. The Lecture sessions are recorded and uploaded in the Institution website for the reference of the students. The content is being delivered using digital teaching techniques such as:
 - Power point Presentation
 - Creative Pen tablet
 - Videos Presentation
 - Excel sheets
 - Virtual Simulation Techniques
 - Quiz using Google forms etc.,
- Ours is the 1st Institution in Tamil Nadu to introduce AI powered learning campus for our students in collaboration with Edwisely a mobile app that provides Digital learning snippets and learning contents for all the subjects. This facility also provides platform for conducting assessments in MCQ format following with Bloom's Taxonomy. The app also gives Topic wise, Question wise and Student wise analysis for the assessments conducted.

- During the current pandemic situation internal, end semester examinations (Theory & Practical) are conducted successfully in the online mode. Smart Pick application software developed by CoE, RMKEC is used for generating the question papers for conducting the assessment tests. A question bank containing all possible questions is prepared by each subject handling faculty and submitted to the exam cell for generating the question paper. Smart Pick application software generates the question paper and also maps each question with the respective knowledge level as well as the course outcome. Skillrack portal is also used to conduct subject wise MCQ practice tests. End semester examinations are conducted with the support of Examly in an AI powered Online Proctored platform.
- Placement training programs on quantitative aptitude, verbal reasoning, analytical skills, soft skills, interview skills, group discussions etc. and on-line aptitude tests (AMCAT, SKILLRACK) are conducted to help the students in their placement . Skillrack daily tests are very much useful for our students to enhance their aptitude, verbal reasoning, analytical and programming skills. Value added courses are conducted for students on the latest topics to improve their skill sets and knowledge and to make the students ready to meet the industry requirements. This has resulted in a very good placement of record.
- Effective counseling system is in practice to monitor and guide the students to excel in their academic, co-curricular and extracurricular activities.
- Academic counseling is given to all the students by allotting a Year coordinator, class in-charge, and two to three faculty counselors for the academic and personal guidance of the students.
- One faculty counselor is deputed for every 20 students and they will continue to be the mentor for the particular student till he/she completes his/her course by monitoring the growth of the students and their academic needs, giving general counseling etc.
- Parent-teacher meeting are conducted every semester to convey the academic progress and to improve the parent–teacher-student relationship.
- The faculty counselor maintains the complete profile of the students to monitor the growth of the students. Also monitors and motivates the students to effectively utilize the placement training programs and to make the students job ready.
- Faculty members also upgrad their academic qualifications by pursuing Ph.D. Programme. They are also guiding student projects of high standard, which are industry oriented.
- The faculty members are encouraged to prepare and submit research proposals for funding from various funding agencies such as DST, AICTE, TNSCST etc.
- Fully equipped R & D lab with Wi-Fi connectivity is made available for faculty pursuing Ph.D and research scholars.
- Institution provides financial assistance to organize/attend conferences/workshops/seminars etc.
- Internal Quality Assurance Cell (IQAC) is effectively working to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.
- All the departments are associated with Professional Societies. Students are actively participating and organizing various technical events through Students’ Chapters like Indian Society of Technical Education (ISTE), Institution of Engineers (India) (IEI) etc.,

- Internal Continuous Evaluation System and place

Internal Continuous Evaluation System:

Academic calendar is prepared by academic co-ordinator in consultation with the heads of the department and due approval of the principal matching the prescribed number of working days specified by Anna University. Academic calendar contains total number of working days month wise, schedule of University theory and practical examination, schedule for all internal evaluation tests and symposium schedule. The institution strictly adheres to the academic calendar including for conduct of continuous internal evaluation (CIE).

The academic calendar is issued well in advance of the ensuing semester to all the department faculty members and students. This enables effective planning by the faculty and based on the academic calendar, lesson plan is prepared by the course coordinator. The head of the department of each programme ensures effective curriculum delivery both theory and laboratory courses.

Continuous internal evaluation:

Theory Courses:

Evaluation Tools	Content	Marks	Duration
First Internal Assessment Test	Unit 1 and 2	100	Three Hours
Second Internal Assessment Test	Unit 1 and 2	100	Three Hours
Model Exam	Five Units	100	Three Hours

Laboratory Courses:

The following process will be followed for the evaluation of Laboratory Courses

- Evaluation of the student’s observation book and record notebook.
- Evaluation by oral examination on the student’s knowledge before the start of experiment.
- Model practical examination.

<ul style="list-style-type: none"> • Student’s assessment of Faculty, System in place 	<ul style="list-style-type: none"> • Online feedback system is used to assess the effectiveness of curriculum delivery. • By conducting class committee meeting thrice in a semester to assess quality of content delivery by faculty and syllabus completion

- Academic Calender and frame work

The Anna University prescribes the academic schedule for every semester that should be followed by the affiliated Institutions. Being an autonomous institution, the academic calendar preparation work is initiated before the commencement of the academic year and made ready for distribution to students and faculty members on the first day of every semester. Principal appoints a calendar committee headed by the Academic Coordinator and it is prepared in line with the academic schedule prescribed by Anna University with the details of commencement of class, internal and model examinations, completion of syllabus, dates for end semester practical and theory exams, total number of working days and details of holidays in addition to the details of the college trust, College vision, mission and quality policy, Students code of conduct in the campus, Attendance and academic requirements to be met by students as per Autonomous Regulations are also given.

The draft version of academic calendar is submitted to the Vice-Chairman and Principal for approval. With the approval of Management and Principal, it is circulated to the faculty members and students before the commencement of each semester. This is helpful in pre-planning all the activities.

1. Centers of Excellence: <http://rmkec.ac.in/cel/showaboutus.php?dept=coe>

Center of Excellence is a facility offered to students to learn theory and practice in new technology areas in addition to the prescribed University Syllabus. Students, joining CoE, get proficient and industry ready in the respective technology.

Students interested in joining the CoEs are selected in their second year based on the eligibility, academic performance and a Common Entrance Test. They are given training (class room and online with internationally recognised certification) from their second to final year. The course curriculum (theory and practical) for each of the CoE is as prescribed in consultation with the Advisory Committee of the CoE of experts from industry partners. Students are also given opportunities to participate in Guest Lectures and Online Webinars by industry experts.

Students are given facilities to work in the Laboratories of the respective technologies sponsored by industries. They work in the Labs to get hands on experience in the technology, and also develop projects for Hackathons, Corporate Competitions and others. Project Expos are organized by the CoEs when students demonstrate their projects to industry experts.

The CoE students become industry ready in their final year and are considered for internship and / or recruitment by the industry partners specifically for their business units / divisions working in the technology areas of the CoEs. This best practice of CoE has been found to be effective and the placements of these students in the

respective business units have been high. Students have also been winning various corporate contests in these technology areas. Following are the 13 CoEs which have been established and are operational.

No	CoE	Eligible Branches of Engineering and the industry sponsors for the Labs
1	Artificial Intelligence and Data Science (AI & DS) 	CSE and IT (Note: Students from all branches are eligible to join the CoE) LAB by COGNIZANT , a USA based MNC Providing IT Services, Including digital, Technology, Consulting and Operations services
2	Bigdata Analytics 	CSE and IT (Note: Students from all branches are eligible to join the CoE) LAB by VIRTUSA CONSULTING SERVICES , a USA based MNC providing digital strategy, digital engineering and IT services and solutions
3	Automotive Electronics 	EEE, ECE and EIE LAB by KPIT , an India based MNC providing software technology solutions that will help mobile transportation leapfrog towards autonomous, clean, smart and connected future.
4	Cloud Computing 	CSE and IT LAB by VIRTUSA CONSULTING SERVICES , a USA based MNC providing digital strategy, digital engineering and IT services and solutions
5	Concrete and Formwork 	CIVIL ENGINEERING LAB by LARSEN & TOUBRO (L&T) CONSTRUCTION , India's largest construction organization and ranked among the world's top 30 contractors
6	Cyber Security 	CSE and IT LAB by TATA CONSULTANCY SERVICES (TCS) , an India based MNC, global leader in IT services, consulting & business solutions with a large network of innovation & delivery centers
7	Embedded Systems 	EEE, ECE and EIE LAB by WIPRO TECHNOLOGIES , an India based MNC, a Leading Information Technology, Consulting and Outsourcing Company
8	Factory Automation 	EIE LAB by MITSUBISHI ELECTRIC INDIA PVT. LTD , a wholly owned subsidiary of Mitsubishi Electric Corporation, a Japan based MNC, offering a wide range of innovative and high-quality products and solutions for Air Conditioners, Factory Automation and Industrial Systems and others
9	Front End Engineering 	CSE and IT LAB by VIRTUSA CONSULTING SERVICES , a USA based MNC providing digital strategy, digital engineering and IT services and solutions
10	Building Management Systems 	EIE, ECE and EEE LAB by JOHNSON CONTROLS , an Ireland based MNC, producing Fire, HVDC and Security equipment for buildings.
11	Product Lifecycle Management 	MECHANICAL ENGINEERING LAB by PARAMETRIC TECHNOLOGY CORPORATION (PTC) , a USA based MNC providing solutions in PLM, CAD and others to industrial companies
12	Robotic Process Automation 	ECE, EEE and EIE LAB by AUTOMATION ANYWHERE , a USA based MNC, the developer of Robotic Process Automation (RPA) solution and platform, bringing RPA to industries worldwide
